

TESTUZ
GRANDS VINS DES TERRES VAUDOISES

2018 Dézaley L'Arbalète Grand Cru AOC

The crossbow (arbalète) is the family crest of the house. Such a symbolic object simply had to decorate the bottles of the Dézaley, this most prestigious wine from Testuz. - Jean Testuz

Jean & Pierre TESTUZ SA - Vaud, Switzerland

Located in the heart of Lavaux for almost 500 years, the Maison Testuz is now anchored in Vaud's viticulture. Its privileged position in the prestigious Dézaley vineyard, its prominent Vaudois wines and its vast palette of Swiss and world wines have allowed the Maison Testuz to stand out from among some of the largest Swiss wine growers and producers. To produce its wines, the Maison Testuz cultivates 60 hectares of vines, spread throughout all of the wine-producing regions in Vaud. The vine is worked according to a cultivation method known as "integrated production" that respects the environment and in which the wine maker's work plays a key role. Oak barrels then ensure the perfect development of their specialities.
