Winemaker's Notes:

Purple is our favorite color. You know you're drinking the good stuff when your teeth develop that unmistakable hue. Don't worry, Chad's father Dr. Dan Johnson D.D.S. says, "life is too short to stain your teeth on bad wine." The Stained Tooth Syrah is sourced from some of Washington State's top vineyards including our Stoney Vine Estate Vineyard on The Rocks and Stone Tree Vineyard on the Wahluke Slope. The bouquet floats out of the glass and draws you into all the extraordinary fruit while the ripe tannins provide a silky finish..

Owen Bargreen - 93 Points

The 2021 'Stained Tooth' Syrah comes from the Southwind, Stoney Vine and Stone Tree Vineyards. Stored in only 17% new French oak, this offers lovely briny and salty tones from the Rocks fruit, melding well with Linzer torte, crushed wet rock, violets and suggestions of black pepper dusted bacon. Complex and delicious, this has fantastic flavor and aromatics range. Drink 2024-2032
