

Born into a family of distillers, G.E. Massenez, with his exceptional savoir-faire, successfully continued the traditional art of distilling eaux-de-vie (fruit brandies), still particularly alive in the Villé region of Alsace, France. These are extraordinary products which are enjoyed all over the world. Uncompromising on quality, G.E. Massenez is today universally acclaimed for his eaux de vie (fruit brandies) such as wild Raspberry and Williams Pear as well as his crèmes liqueurs : Peach, Blackcurrant etc... G.E. Massenez has won many awards at international exhibitions.

Liqueur de Litchi (Lychee)

The Massenez Lychee Liqueur is as surprising as it is true to the aromatic flavors of the original fruit.

*Exotic, generous and delicate, despite an intense attack on the palate.
A real explosion of flavors!*

A rare sub-tropical fruit originating in Southern China, the Lychee is known as “the King of Fruits”. The lychee grows to approximately 3-4 centimetres in size, oval to rounded-heart shaped with a bumpy skin that is red in color. Once the skin is peeled, the crisp juicy flesh is white or pinkish, translucent and glossy like the consistency of a grape. Lychees have a sub-acid sweetness with a wonderful freshness. The fruit is also high in the antioxidant Vitamin C and the essential mineral Potassium.
