

Born into a family of distillers, G.E. Massenez, with his exceptional savoir-faire, successfully continued the traditional art of distilling eaux-de-vie (fruit brandies), still particularly alive in the Villé region of Alsace, France. These are extraordinary products which are enjoyed all over the world. Uncompromising on quality, G.E. Massenez is today universally acclaimed for his eaux de vie (fruit brandies) such as wild Raspberry and Williams Pear as well as his crèmes liqueurs : Peach, Blackcurrant etc... G.E. Massenez has won many awards at international exhibitions.

Crème de Mûre

(Blackberry Cream)

A richly flavoured, intensely fruity Blackberry Cream. The sweet nose carries over onto the palate which is also very sweet but harmoniously balanced by a touch of typical blackberry acidity.

Color:

- Fairly dark, bluish color, with dark purple highlights.
- A pure color true to the fruit used in its making.

Nose:

- Fresh, beautifully powerful aromatic nose.

Palate:

- Clean attack, revealing ripe fruit, giving way to the fruit roundness.
- The sweetness is rapidly counterbalanced by natural fruit acidity, a balance that endows this Cream with incomparable character, caliber and flavor.
