LÉOUBE A CHÂTEAU IN PROVENCE

This is the philosophy of the owners of Domaine de Léoube, one of the most beautiful protected sites in Europe and home to Château Léoube: "We believe in strengthening the land's biodiversity and natural defenses by employing traditional growing methods and using only natural, non-toxic treatments."

+ ORGANIC WINE IN PROVENCE

Set on 560 hectares, Léoube includes 70 hectares of vineyards and 25 hectares of olive groves, all devoted to growing the grapes and olives that make Léoube's award winning wines and olive oils.

ROMAIN OTT

Romain Ott, the magic word in the world of wine and winemaking. Son of a winegrower and born of a family of wine-growers for four generations, he handles all the productions of Château Léoube. "Producing the best of what the earth can give with love and gratitude..." is Romain Ott's philosophy, a "Philosophy of the Essence of Wine", with the utmost respect for the product and traditions, in the subtle search for the healthiest and most balanced grapes possible, for the greatest quality and consistency.

GOLD MEDAL - EXCEPTIONAL

Silvery pink color. Aromas and flavors of white cherry, strawberry, plum, and red currant and carnations with a velvety, lively, dry medium body and a tingling, intricate, medium-length finish that presents notes of strawberry and cherry, toasted grains and seeds, red apple, and herbs de provence. More than a great Rosé, this is serious wine for drinking with meals or for any occasion.
