### The Team

Winemaker and co-owner Doron Rav Hon studied viticulture in Burgundy, France, completing his apprenticeship at Domaine Jacques Prieur and a specialization in sparkling wines in Champagne. Precision and minimal intervention define his creative philosophy. Sima Rav Hon manages all of the winery's operations and focuses on building our brand's unique identity. As she explains: "It's not just about wine. It's a flair that envelopes everything we do."

**SPHERA** is a family project and many of our partners along the way have become our friends. The people in our community also contribute meaningfully to our efforts, as do the glorious vistas of the Judean Hills which echo in our wines and in our hearts.

### James Suckling 94 Points

*I What an expressive and subtle nose with a wide spectrum of citrus aromas (from lemon blossom to yellow grapefruit) and white peach. Breathtaking vibrancy, purity and precision on the medium-bodied palate, then, just when you think you've got all it has to give the racy and stony finish really takes off.*
