+ ORGANIC WINE IN PROVENCE B

## LÉOUBE A CHÂTEAU IN PROVENCE

This is the philosophy of the owners of Domaine de Léoube, one of the most beautiful protected sites in Europe and home to Château Léoube: "We believe in strengthening the land's biodiversity and natural defenses by employing traditional growing methods and using only natural, non-toxic treatments."

Set on 560 hectares, Léoube includes 70 hectares of vineyards and 25 hectares of olive groves, all devoted to growing the grapes and olives that make Léoube's award winning wines and olive oils.

### ROMAIN OTT

Romain Ott, the magic word in the world of wine and winemaking. Son of a winegrower and born of a family of winegrowers for four generations, he handles all the productions of Château Léoube. "Producing the best of what the earth can give with love and gratitude..." is Romain Ott's philosophy, a "Philosophy of the Essence of Wine", with the utmost respect for the product and traditions, in the subtle search for the healthiest and most balanced grapes possible, for the greatest quality and consistency.

#### BEVERAGE TESTING INSTITUTE

### 90 Points - GOLD MEDAL - EXCEPTIONAL

*Pink coral color. Aromas and flavors of cold soak/ cold fermentation, banana esters, raspberry taffy, white strawberry, and dried rose pedals with a velvety, lively, dry light-to-medium body and a tingling, interesting, medium-long finish manifesting notes of raspberry nougat, strawberry tops, dried garden herbs, and petrichor.*

*The red berryessence of the Grenache really pops on the nose and palate with the Syrah and Mourvedre lending structure and herbs making this a more complete wine fit for dinner pairings.*

#### WINE ENTHUSIAST

### 90 Points

*Subtle aromas of bubble gum and wet stones circle the glass of this somewhat shy rosé.*

*The palate has a nice peppery lift before leading way to classic Provence fruits.*
